England

Health checks

Why do some places do better
than others?

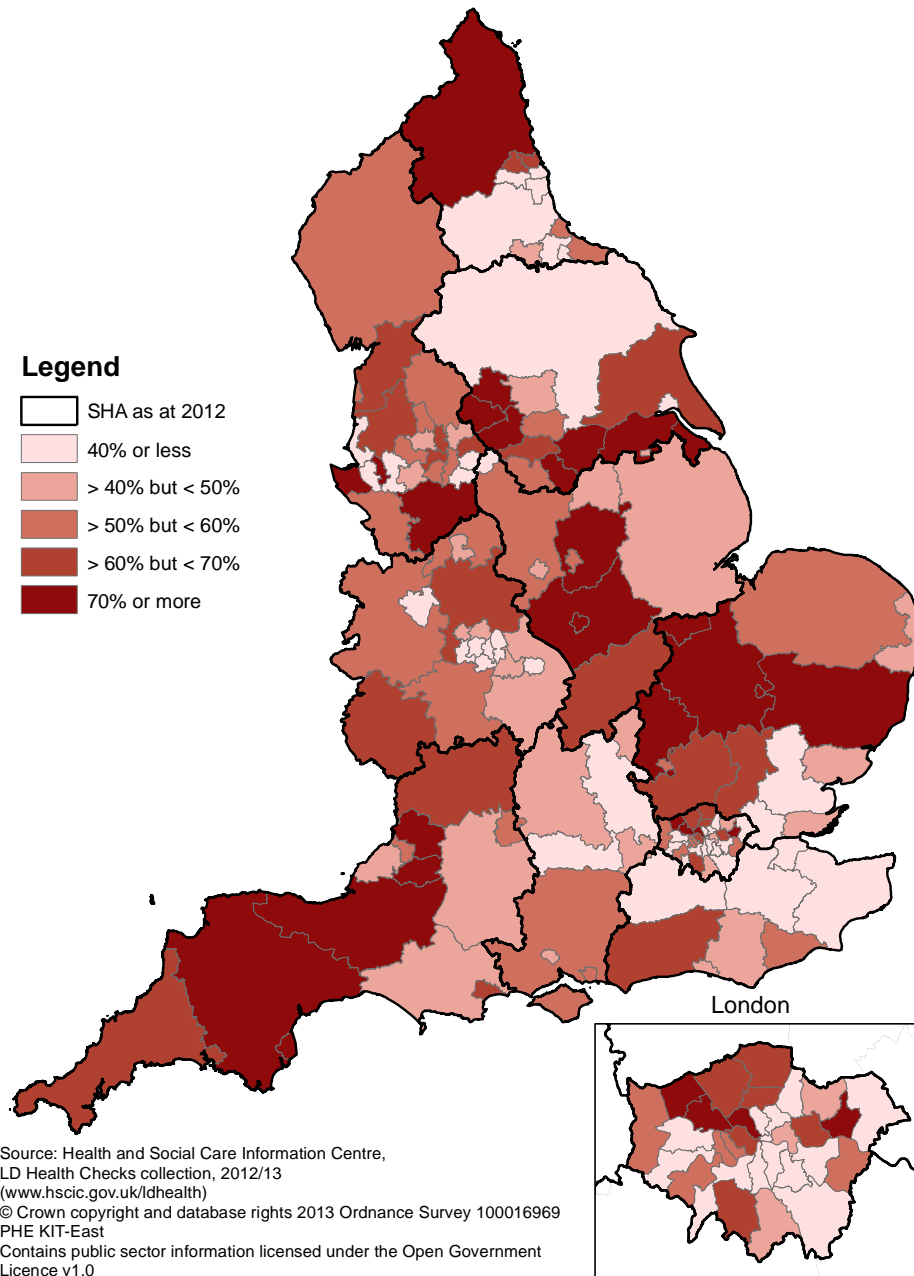

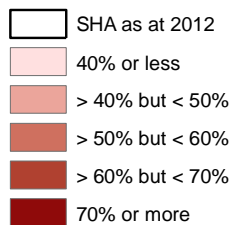

What can help?

Health checks

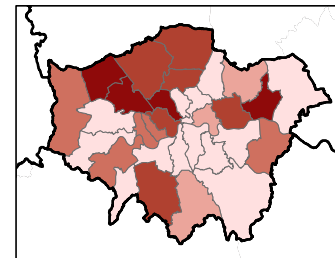

Coverage for PCTs 2012/13

Leadership

Senior managers and
health staff working
together

The wider organisation –
not just learning
disability services
working to make health
checks happen

Good relationships

A history of good relationships – building on this

Making sure GPs understand the reason for health checks

Working with GPs, finding out what they need and providing it

Telling people how they were doing

Making sure information gathered was helpful and used

Having formal ways of telling people how things were going
